Wow ... December! It seems like only a few short weeks ago and we were excited to be getting back to school. Now, here we are, just a few weeks from the Holiday Break. With the passing of this time however, there are always moments of pride and accomplishment to celebrate here at the Grove.

For starters, our school received a very prestigious award recently. Led by our Environmental Cabinet, the school's work over the past few years has been recognized by the Lake Simcoe Conservation Authority with a Healthy School's Land Award. This award recognizes schools for outstanding effort in the field of environmental protection and conservation. Over the past two years, the school has sent groups of students to Sophia Creek to remove invasive species and to plant native plants; we have established a "No Mow" zone in the yard which attracts pollinating insects and birds. In addition to these efforts, the school continues to work towards Litter Less Lunches, no plastic bottles in the school, a successful recycling program and more. The Environmental Cabinet's most recent initiative deals with the question of "Why there is no organic waste service available to city of Barrie schools", as well as pushing our student's to understand the principle of "GOOS – Good On One Side", a paper conservation strategy. Our goal this year is to be the only school in Simcoe County to hold a Platinum Certification through Eco Schools Canada. With student leadership like this ... I think we will be celebrating Platinum status very soon!

Continuing on the theme of Grizzly Greatness ... our intermediate boys' volleyball team finished the season on the podium as well, finishing 3rd overall in the entire county of Simcoe this season. Our Girls Basketball team showed tremendous promise and represented the school at the zone tournament this year and many of our intermediate girls are volunteering their time to work with our junior team to continue to develop our younger players.

This Month, stay tuned for details regarding the upcoming Musical performance, "Rock!". This Arts opportunity encompasses our entire junior and intermediate divisions. Well over 200 students will be coming together in song and dance to give audiences a glimpse of the amazing Arts and Music learning that takes place here at the Grove. We look forward to seeing the Maple Grove community come together later this month to celebrate the hard work our students and staff have put into this performance.

As we head into the Holiday Break, we wish all of our students and families best wishes as you celebrate your traditions, or simply take this time to be with your family.

Enjoy the Break and Happy New Year from Ms. Walsh and  
Myself,

Ms. Walsh & Mr. Norris

## Waste Free Wednesdays.

Each Wednesday we encourage our students to take home any food wrappers or containers that might otherwise be placed into the garbage. The long term goal is to have students aware of options for bringing lunches that do not generate garbage on any day.

## Separate the Straws

Thank you everyone who is making an effort to separate their straws before putting juice boxes into recycling. We need to increase our effort to 100% and we know we can do it.

## Organic Recycling

As you may be aware, the City of Barrie does not provide an organic recycling option to schools, resulting in all organic waste being sent to the landfill. Thank you to the teachers who are providing organic waste options for their classes. This month we welcome Ms. Whetham's and Mr. Smith's classes to the organic diversion program.

## Rainbows at Maple Grove

Rainbows is a peer support program for children who have suffered a significant loss in their family. This loss may be due to a death, separation, or divorce. When something significant happens in a family, the entire family is affected. When families experience a loss, not only do the adults grieve, the children do also. Because of their age and short life experience, children find it extremely difficult to verbalize their feelings of grief.

The Rainbows program at Maple Grove will be facilitated by sensitive and caring staff members, who are trained to help these children put their feelings into words, work through their grief, build a stronger sense of self-esteem, and begin to accept what has taken place in their family. The strength of the program is in the peer support, which the children provide to one another. They recognize that they are not alone in the issues and feelings that they are experiencing. They share their feelings in a safe and confidential environment and hopefully come to a more positive acceptance of the changes in their family.

The program is being offered to students from **SK (Year 2) – eight**. The children will be arranged into small, age appropriate groups and will meet weekly for about 12 weeks.

If you feel your child would benefit from this program and at least six months has passed from the time of death, divorce or separation, please send your child's name, their teacher's name and contact information addressed to Mrs. Read.

## **High school information nights coming to a school near you!**

Is your child starting Grade 9 next year? High school information nights happen this fall and winter. This event gives an overview of what's new, what to expect, as well as a chance to check out the school and ask questions. Attend our local high school information night to find out what's offered:

**Barrie North Collegiate**,: Wednesday January 17th, 2018 from 7-8:30pm at 110 Grove St. East.

**Eastview Secondary School**: Thursday, February 22nd, 2018 from 6:30– 8pm at 421 Grove St. East.

Check out the full schedule of info nights and more information at [www.scdsb.on.ca/highschool](http://www.scdsb.on.ca/highschool).

## **Attend a French Immersion information night, registration opens in January**

The Simcoe County District School Board (SCDSB) offers French Immersion (FI) at select schools throughout Simcoe County beginning in Grade 1. The goal of the FI program is to enable students to communicate in French with a high level of proficiency, enabling them to function with ease in both French and English. Upon graduation from the program, students will communicate in French with confidence in a wide variety of real-life situations.

Information sessions take place in January for parents of students in Senior Kindergarten. A letter will be sent home to those parents with more details. Information session dates will be posted at [www.scdsb.on.ca](http://www.scdsb.on.ca) under Programs, French as a Second Language.

The FI online application form will be available from 9 a.m. on Mon. Jan. 22, until 9 p.m. on Wed. Jan. 24, 2018 at [www.scdsb.on.ca](http://www.scdsb.on.ca) under Programs, French as a Second Language. While every effort is made to accommodate all FI applications, available space and staffing will determine how many students can be registered. Applications will be processed in the order they are received electronically. Please contact the school if you do not have Internet access at home or require assistance accessing the online application.

Please note that the host sites for FI may change during your child's time in the program, and your child may need to move schools. This may also include splitting the program between two different sites.

## **Kindergarten registration opens in January**

Do you (or someone you know) have a child who was born in 2014? If so, it's almost time to register them for Kindergarten in the SCDSB! Beginning Jan. 22, 2018, Simcoe County's public schools will register children for Kindergarten for the 2018-19 school year. Required registration documents include birthdate documentation, proof of address and record of immunization. Visit [www.scdsb.on.ca/kindergarten](http://www.scdsb.on.ca/kindergarten) for more information.

## **Land/territory acknowledgement introduced for SCDSB meetings, events and schools**

Over the past few months, the SCDSB has worked with Indigenous partners, local elders and the First Nations Education Advisory Committee to develop a land/territory acknowledgement. A land/territory acknowledgement is an act of respect and reconciliation, based on the First Nations' tradition of acknowledging the land of others when they were guests in that territory. The statements will be used at SCDSB meetings and significant events, and daily in all schools to respectfully acknowledge the Indigenous people of this territory, their sharing of the territory and the benefits we have received, as settlers, from that sharing.

## **For school daily use:**

"Simcoe County District School Board acknowledges that we are situated on the traditional land of the Anishnaabeg people. We acknowledge the enduring presence of First Nation, Métis and Inuit people on this land and are committed to moving forward in the spirit of reconciliation and respect." For more information, visit [www.scdsb.on.ca](http://www.scdsb.on.ca) – 'About Us'.

## **School playgrounds are closed for the winter**

Every winter, school playground structures are closed. Students are made aware of this during school hours through announcements and staff reminders during breaks. This may not be well known throughout the community despite signs indicating that playground structures are a winter hazard and are closed. The Canadian Standards Association Regulations make recommendations for the depth of ground cover required to minimize injuries (eg. sand, pea gravel or wood chips). These surfaces cannot be maintained when the ground freezes. Injuries from falling would be more significant on frozen ground. We strongly recommend that you do not allow your children to play on any structures while the ground is frozen.
